New for 2009!

High End Performance RCA Connector FP-108(R)

Features

- α (Alpha) OCC Rhodium-plated center conductor
- Copper Alloy Rhodium-plated body
- Copper Alloy Black locking collet housing
- Teflon insulation
- Conductor wire fixed with set screw or solder
- Specified for cable diameters to max. 9.3mm
- Dimensions: 13.8mm \pm 0.1mm diameter x 54mm \pm 0.1mm overall length

Specially engineered set screw construction ensures firm contact with Alpha OCC conductors

What the Critics Say:

“One last comment has to go to the finish of the connectors ... Tolerances are spot on, the stuff goes in smoothly, locks and unlocks without any undue play ... There's something luxurious and silken about the Furutech connectors. Like fine Swiss watches. This stuff also routes and drapes easily. ... Since it does perform to a very high standard, getting the tactile satisfaction and pride of ownership bits thrown into the bargain is worth mentioning.
