High Performance Spade Connector

FP-218(G)

FP-218(R)

Features

- α (Alpha) pure-copper 24k Gold-plated or Rhodium-plated conductors
- Connections: Terminal press or Soldered
- Special two stage fixed wire crimp construction to ensure contact stability. Inner crimp for raw conductor and outer crimp for unstripped wire.
- Specified for wire diameters of up to 6mm max.
- Dimensions:
Space between conductor 8.1mm/13.0mm(W) x 35.5mm overall length
Crimp barrel: 8.0mm Outer diameter x 15.0mm (L)

What the Critics Say:

"One last comment has to go to the finish of the connectors ... Tolerances are spot on, the stuff goes in smoothly, locks and unlocks without any undue play ... There's something luxurious and silken about the Furutech connectors. Like fine Swiss watches. This stuff also routes and drapes easily. ... Since it does perform to a very high standard, getting the tactile satisfaction and pride of ownership bits thrown into the bargain is worth mentioning.
