

## SOLOIST IN-WALL POWER CONDITIONER

Power conditioning and AC protection right where it belongs; your wall socket. The Soloist is one of those great products that everyone looks at and says "why didn't I think of that?" Well, fortunately, we did and here it is! The Soloist is the only in-wall full featured power conditioner made. Surge and spike protection as well as full zero-restriction AC filtering. Use Soloist as the first step in building your AC power foundation. Perfect behind on-wall plasma or LCD televisions, or to feed anything in your listening room or home theater.
